REAZIONE AL FUOCO REACTION TO FIRE		IGNIFUGO Trattamento ignifugante idrosolubile. Non resiste al lavaggio in acqua e deve essere preservato con l'uso e la conservazione dei tessuti in luoghi puliti, asciutti, aerati e protetti da calore, sole e intemperie.	FR - FLAME RETARDANT Water soluble fireproofing treatment. It doesn't withstand wet cleaning and it must be protected by the use and preservation of the fabrics in clean, dry, airy and protected from heat, sun and bad weather places.
